

All of our youth bowlers receive free shoe rental when they come bowling either for league play or public play! They also receive 12 free games of bowling (one for each month) with their paid registration.

*There is no equipment to rent, bowling balls are also supplied. If a bowler wishes to purchase their own equipment, we have pro shops available for both 5 & 10 pin for all of their needs. We also get donated equipment that can be passed on to our youth members.*

During the season, there are special events & tournaments that are optional, some are even no extra cost during your league session! Bowlers can participate in tournaments that advance to provincial and national events!

*Bowl with your friends, or make new ones, either in league or at the higher level tournaments! Many of our bowlers have developed and maintained great friendships with bowlers from across the country!*

Can't make it out for a certain day? Our youth leagues allow "pre-bowling" meaning bowlers can come out on a date prior to the day they will be missing and bowl their games that will be used towards their league scores!

*Not sure if youth bowling is right for you? Come out and try a couple of sessions for free during the season. No commitment, no cost!!*

See specific details about our youth programs below:

## **5 PIN YOUTH PROGRAM**

### **AGES 5-7**

Bowl 2 games per week with bumpers – cost is \$15

### **AGES 8-21**

Bowl 3 games per week – cost is \$20

Bowling runs until end of April/first week of May

As with most youth sports, there is some fundraising required during the season. Our biggest one is a national fundraiser through Bowl Canada and is chocolate covered almonds. All bowlers are required to sell at least one case. The more they sell, the more the programs make towards costs like the season ending wind up, awards & tournament expenses. There are other optional fundraisers throughout the season which have been very successful. Both of our programs have had great success at the provincial and national competitions including many national champions!!

If you have any questions, please contact our program directors via email
