*In order to receive the merchandise at the end of the league, bowlers must complete all 8 weeks with payment each week or pay all bowling up front. Shortages are **not** allowed.*

*Items they choose will be subject to availability and will be ordered once league is completed **Pre-bowls** are allowed but money must be paid at the time of prebowling (if not pre-paid).*

Pre-bowling means you come in on a night prior to the league night and bowl your 4 games that will be used for the league night.

Combined team average (2-person total) cannot exceed 460 on the first night of bowling based on the entering average (current season highest average or their last final average available for any league season). New bowlers (no experience) will use the average of their first 4 games for the first night. Substitutions may be used but team average cannot exceed 460 on any night with a new bowler to the league. Original team members are responsible for all costs, spares not eligible for league merchandise. Handicap will be 90% of the difference between 275 and the bowler's average.

I.E. 140 average bowler will have $275 - 140 = 135$ Then $90\% \text{ of } 135 = 122$

140 average bowler = 122 handicap

Averages will be calculated after the first 4 games bowled

Final night of league will be a position round. (1st vs 2nd, 3rd vs 4th, etc.)

High points winner each week will receive a weekly prize (can only be won once)

League champions will receive free bowling for the month of August!

TEAM POINTS (All points based on handicapped totals)

2 points for each game win vs opponent

4 points for each team series win (4 game total vs opponent)

If bowling unopposed team must bowl within 20 pins less the team total average

Regressive points for the top 50% teams (example with 8 teams: high team 4 game total – 4 points, 2nd high – 3 points, 3rd high – 2 points, 4th high – 1 point)
